

Aqua-Bloc

Brand: Henry
Product No: 720-38.WP
Size: 5 Gallon (18.93 L)

Description

- [Elastomeric Asphalt Emulsion Waterproofing]
- An elastomeric, liquid-applied, emulsified asphalt membrane.
- Designed for below grade waterproofing of foundation walls and other structures.
- Complies with, and exceeds, the requirements of CAN/CGSB 37.2. Water-based and VOC Compliant
- Seamless low modulus elastomeric membrane
- Excellent adhesion to most construction surfaces such as concrete, stone, wood, preserved wood, metal and polystyrene
- Retains flexibility over a wide temperature range
- Perfect for waterproofing ICF (Insulated Concrete Forms) foundation walls
- Can be applied to damp or green concrete. Can be applied in one coat or in multiple coats with reinforcing fabric
- Bridges cracks
- Environmentally friendly due to no solvent content
