

Aquatac™ Primer

Brand: Henry
Product No: BK545.WP
Size: 1 Gallon (3.78 L)

Description

- [Emulsion Primer for Self-Adhesive Membranes]
- A polymer emulsion based primer for self-adhesive membranes.
- Quick drying. Easily applied by spray. Specially designed to provide a high level of tack on vertical surfaces.
- Environmentally friendly - Low VOC content. Water based, no solvent odors
- Highly tacky film provides positive adhesion to membrane
- Non-flammable during application
