

Plastic Roofing Cement

Brand: Henry

Product No: BK81020664.WP ... more

Description

- Used as a weatherproofing compound for seams, joints and cracks and for repairing roofs, flashings, vents, coping, drain pipes, eaves, skylights and parapet walls.
- A plastic cement composed of asphalt, fibres, solvent and fillers.
- Provides weather resistance, flexibility and ease of application.
- Also used for cementing down loose shingle tabs.
