

# Plastic Roofing Cement

**Brand:** Henry

**Product No:** BK81020664.WP ... more

## Description

- Used as a weatherproofing compound for seams, joints and cracks and for repairing roofs, flashings, vents, coping, drain pipes, eaves, skylights and parapet walls.
- A plastic cement composed of asphalt, fibres, solvent and fillers.
- Provides weather resistance, flexibility and ease of application.
- Also used for cementing down loose shingle tabs.
