

Abrasive Materials . Laser . Professional Diamond Blade

Brand: Bellota
Product No: 50706350.CB

Description

- Segmented discs allow higher cutting speed.
- Abrasive materials: cutting of materials not very hard, but wear out discs quickly because of their highly abrasive capacity:
- blocks, old concrete, silica terrazzo, asphalt, normal brick, sandstone, etc.
- Top quality, large, octagonal shaped diamonds for maximum performance and service life of the disc.
- Diamonds are homogenous so that they are all of the same quality right around the rim of the disc.
- Perfect joint between the core and segment which makes two parts into a single element.
- Laser marking prevents information from being lost or the disc blade slowing down or becoming blunt.

Dimensions

350 mm × 25.4 mm Dia

Blade = 13 mm , 3.2 mm
21 N°
